Donkey Kong Tips

Tip 1:
In Jungle Japes, Diddy should use Bananporter 4 after pounding the Diddy Switch near Cranky's Lab. The Bananporter will warp you to the edge of the water making it easy to reach the vine and the cave near Funky's Shop where the Golden Banana is waiting.

Look on the back for the 2nd tip!

Tip 2:
In the Angry Aztec area, use Diddy's Rocketbarrels to reach a Diddy Switch that activates the statue with the open mouth. Once the statue begins spinning, use Diddy's Peanut Popguns to fire shots into the mouth. That will give you access to the closed building with any faces on the doors.
